

fixed & tilt wall mounts

 telehook

The Telehook wall mounts for LCD, plasma TVs and displays offer a broad range of comprehensive solutions for both small and large displays. The Telehook mounts are extremely easy to install and the range of fixed and tilting wall mounts includes enhanced security features through the theft resistant design, which improves the security of public installs.

The tilting and fixed mounts for LCD and plasma TVs form part of an extensive Telehook range including full motion arms and ceiling mounts offering wider levels of adjustment. This range provides mounting solutions for a broad range of requirements in a multitude of environments including retail, health care, education, mass transit and the home.

Ergonomic Solutions is one of Europe's leading manufacturers and suppliers of technology mounting solutions. We prioritise safety and usability and our products and complementary services offer our clients a complete package that includes successful technology integration and guarantees customer satisfaction.
